¹ Permanent registrations only. Over 93% of permanent registrations are deemed to have 'acceptable' (or research quality) data based on CPRD metrics.

² Currently contributing practices are those contributing data to CPRD within 120 days of the database build being created. Practices that no longer contribute data to CPRD are classed as not currently contributing practices. The definition of currently contributing practices has been altered from 60 to 120 days to allow for the change to a quarterly release schedule planned up to March 2024.

³ [Based on latest UK population estimates from the Office of National Statistics.](#)

⁴ Follow-up time stated here does not incorporate the up-to-standard (UTS) date and the database includes records pre-dating the 1st of January 1995.

⁵ Expressed as a percentage of all practices currently contributing to CPRD Aurum.
